

Family Note

In this activity, children compare two books. Be on the lookout for things you can compare using some of these words:

TIGHT AND LOOSE

LOWEST AND HIGHEST

LIGHTER AND DARKER

FAST AND SLOW

BRIGHTER AND DULLER

THICKEST AND THINNEST

WIDE AND NARROW

LONGEST AND SHORTEST

ROUGH AND SMOOTH

Most and *least* are useful terms to understand.

Compare two books.

Which one has more pages?

Which one has fewer pages?

How did you find the number of pages?

Did you estimate, count, or look at the last page number?
