

# Create a Spring Hat

The only homework for this week is to make a Springtime hat for our parade on Friday. It may be made out of whatever materials you would like, but please be sure it fits and is comfortable enough to wear for at least 30-45 minutes.

Some ideas from past years:

- Start with a pre-made hat or baseball cap, a paper plate, a newspaper hat or whatever else you can think of.
- Think of a theme for your hat- Spring, flowers, animals, or ??? Let your imagination go to work here!
- Create the hat, using whatever fun materials you would like. Ideas can include small toy-like items, flowers, paper, yarn or ribbons, sparkly items, pompoms, or any number of other things.

Please work on the project throughout the week. I highly recommend you do not wait until Thursday evening to complete the project.
